$500 WILL BE FORFEITED BY DR. L. DIX if failing to cure in less time than any other physician, more effectually and permanently, with less restraint from occupation or fear of exposure to all weather, with safe and pleasant medicines.
SELF ABUSE AND SOLITARY HABITS,
Their effects and consequences;
SPECIAL AILMENTS AND SITUATIONS
Incident to Married and Single Ladies
SECRET AND DELICATE DISORDERS;
Mercurial Affections, Eruptions and all Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples on the Face; Swellings of the Joints; Nervousness; Constitutional and other Weaknesses in Youth, and the more advanced, at all ages, of
BOTH SEXES, SINGLE OR MARRIED,
DR. L. DIX'S
PRIVATE MEDICAL OFFICE,
No. 21 Endicott Street, Boston, Mass.,
is so arranged, that patients never see or hear each other. Recollect the only entrance to his Office is No. 21, leaving no connection with his residence, consequently no family interruption, so that on no account can any person visiting or applying at his office.
DR. DIX
boldly asserts (and it cannot be controverted except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he
is the only regular graduate physician advertising in Boston.
TWENTY YEARS
engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended and particularly to
Strangers and Travelers.
To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.
DR. L. DIX
proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.
AFFLICTED AND UNFORTUNATE!
Do not rob and bleed and ruin your fortunes in being deceived by the lying boasts, misrepresentations, false promises and pretensions of
FOREIGN AND NATIVE QUACKS,
who know little of the nature and character of Special Diseases, and less as to their cure. Some obtain forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, now obtained, unknown; but only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition decline names of other most celebrated Physicians long since dead, as other be deceived by.
QUACK NOSTRUM MAKERS,
through false certificates and references, and recommendations of their imaginary BY THE DEAD, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of its magical influences "curing everything," but now known to "kill more than it cures," and those not killed, sometimes dreadfully injured for life.
IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS,
Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specifics, Anodynes, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways from town to town; but, ALAS! nothing is said of the thousands, some of whom die, others grow worse, and are left to linger and suffer for months or years unrestrained or cured, if possible, by competent physicians.
BUT ALL QUACKS ARE NOT IGNORANT.
Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will pervert them even, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "desired end" may be obtained for profession, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and needlessly spend large amounts for experiments with quackery.
DR. L. DIX'S
charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and candor as ever, whatever may be the disease, condition or situation of any one, married or single.
Medicines sent by Mail and Express to all parts of the United States.
All letters requiring advice must contain one dollar to insure an answer.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all ladies who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.
Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.
His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, catamenial suppressions, enlargements of the womb, also all discharges which arise from a morbid state of the blood. The Doctor is now fully prepared to treat on his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at
No. 21 Endicott Street, Boston.

TESTIMONIALS.
"I regard Mr. Eddy as one of the most reliable and successful practitioners with whom I have had official intercourse.
CHARLES MASON, Commissioner of Patents."
"I have no hesitation in assuring inventors that they cannot employ a man more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
late Commissioner of Patents."
"Mr. R. H. Eddy has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakable proof of great talent and ability on his part, leads me to recommend all inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their case, and at very reasonable charges.

Women as Watchmakers.

At a recent meeting of the British association, in Edinburg, in a discussion upon the subject of female wages, Sir John Bowring asserted that trade unions in England had kept women out of the watch trade, and had driven that branch of industry to Switzerland, where no trades' unions existed.—This assertion of Sir John Bowring was denied by a practical watchmaker in the audience, who stated that trade unions did not exist in the occupation of watchmaking, and consequently could not deprive women of that kind of employment. Instead of a disposition to keep out women, it was asserted that many of the workmen had tried to instruct their wives, sisters and daughters to follow the business, but that the nervous power of women was inadequate for the work requiring such strict accuracy as watchmaking. The watch trade, it was asserted, had gone to Switzerland because many persons were not particular as to the variation in the rate of their watches, and therefore purchased a cheap and inferior article, the product of the labor of the Swiss women.

A waiter's Estimate.

"Them as is most plain in what they eats, are the most accomplished and ladylike." This was the utterance of a waiter at a seaside hotel, showing the result of his study of character through a summer. What an opportunity for philosophy and moralizing is open to this class of the community, if there is any bias towards such study! Every degree of fussiness, from disgusting indifference to odious sensitiveness, is revealed to the patient waiter who stands behind the chair and must fly to execute the behests of all. It is not to be wondered at if he grows callous towards the end of the season and obeys mechanically the demands which are made upon him. To him, all toast is hot, all coffee is strong, all beefsteak is tender. It is even suspected that when he is sent out to exchange green tea for black he fills up the same cup from the same urn and brings it back. Do not be severe upon him, for he is a long suffering, much-enduring creature. [Transcript.

The Democratic leaders are still advertising for a policy. The death of Mr. Vallandigham has killed "the new departure," and deprived that party of the one man who had the sagacity and courage to strike out a radical line of policy which might save it from disintegration, if it did not lead to success. The party has brains enough, but somehow the men who have them, seem to lack the energy to vitalize them, the heart to warm them, and the character to inspire public confidence. The party seems to have buried its possibilities in Mr. Vallandigham's too early grave.

NEWPORT DAILY NEWS.

TUESDAY, Sept. 12, 1871.

Editorial Notes.

The Boston Times comes out now a days with an illustrated edition. But its illustrations—Oh my! What shall we call them?—They are neither bird, beast, nor that evil named individual, which according to Poe makes the third person in the trio. There is no doubt, however, but they have a very moral tendency, especially as Gen. Butler is the principal character represented.

Another traveller who apparently enjoys his vocation is Senator Wilson. During his vacation he has visited England, and traveled much on the Continent. Having returned home a few days since, he is now ready for another journey. He expects to start in a short time for California, where he will doubtless remain during a part or all of the fall months.

The Boston Transcript says some sensible things in favor of Hon. A. H. Rice for governor of the Commonwealth of Massachusetts. Go on gentlemen, Rice, or Jewell, or Claflin, or Loring it does not make much difference which, only don't disgrace yourselves by putting Butler in the chair of State.

New York has got another horror almost equal to the trunk murder. One morning last week the body of a young, well dressed and beautiful lady was found on Long Island beach. She had evidently been murdered, but at the coroner's inquest nothing definite could be obtained, except on one of the fingers was a ring marked J. H. It is now surmised that the lady was Miss Jennie Hicks, the most fashionable dressmaker of Troy. She disappeared from her home on the 2d inst. and has not since been heard from.

The Cherub, a new paper published at the "Hub," is one of the sprightliest sheets we have cast our eyes on in a long time. Its editors understand their business, and are evidently bent on making a paper which the public will desire to read. Success to them.

Another State has spoken and the sound is in no sense equivocal. The West commenced the good work, the East is following it up. Our telegraphic reports tell us that the Pine Tree State has re-elected Gov. Perham, by a largely increased majority over last year. This is what every sane man expected, but the Republican achievements do not stop here. Last year Bangor and Lewiston, two of her largest cities, were represented by democratic representatives. This year that stain is wiped away, and the cities of Maine are all identified on the side of progress.

Another disaster has occurred in New England. Yesterday morning the boiler in the Curtis Hat Factory at Newburyport, Mass. exploded, killing seven men and fatally wounding several more. The explosion occurred just before work in the factory commenced, otherwise the destruction of life must have been much greater. The main factory, to which the boiler house was connected, was badly shattered.

A Slight Mistake.

From Harper's Weekly we clip the following: In one of his exceedingly interesting "Reminiscences of Public Men" Colonel Forney tells a capital anecdote of a Western citizen: John Guy, who kept the National Hotel at Washington, bore a striking resemblance to General Lewis Cass, who was one of his guests. Guy dressed like Cass, and although not as portly, his face, including the wart, was strangely similar. One day a Western friend of the house came in, after a long ride, dusty and tired, and walking up to the office, encountered General Cass, who was standing there. Mistaking him for Guy, he slapped him on the shoulder and exclaimed: "Well, old fellow, here I am! The last time I hung my hat up in your shanty one of your clerks sent me to the fourth story; but now that I have got hold of you, I insist upon the a lower room." The General, a most dignified personage, taken aback by this startling salute, coldly replied, "You have committed a mistake, Sir; I am not Mr. Guy; I am General Cass, of Michigan," and angrily turned away. The Western man was shocked at the unconscious outrage he had committed; but before he had recovered from his mortification General Cass who had passed around the office, confronted him again, when a second time mistaking him for Guy, he faced him and said, "Here you are at last! I have just made a devil of a mistake. I met old Cass, and took him for you, and I am afraid the Michigander has gone off mad." What General Cass would have said may be well imagined, if the real Guy had not approached and rescued the innocent offender from the twice assailed and twice angered statesman.

Mr. Sumner.

A writer to the Philadelphia Press says: "It is no wonder that the educated and cultured aristocrats of European countries, who occasionally visit Washington, leave it with the most exalted opinions of Mr. Sumner. He has more in common with them than probably any other one of our public men; the same veneration and love for what is old and antique; the same appreciation of the great generals and statesmen who have impressed their names on the pages of old world history. Mr. Sumner himself is essentially aristocratic. It may be said of him with truth, as it was of a celebrated Frenchman, that 'he is an aristocrat by instinct and a democrat by force of circumstances.'"

On the authority of two persons of veracity, a correspondent of the Albany Journal tells this: "They saw a wasp riding on a green worm one and a half inches long. How far he had ridden they did not know; but after they saw him they watched him until he had ridden all of twenty five feet. Occasionally the worm would stop, lie motionless as though he was dead, when the wasp after a little, would spur him up, and then the worm would go on. The wasp would keep the worm in as direct a course as he could. After a while the worm stopped, and the wasp dismounted and ran quickly and removed a little stone or piece of ground about two inches from where the worm lay, and then seizing the worm by the head drew it into the hole. Presently the wasp came out, put on the gravel top over the hole, covered the stone over, and seemed to be getting ready to fly, when they killed him, and then dug down about two inches and took out the worm, which was dead."

Gen. Belknap is beginning to smile again. A genial, lovable, imbecile gentleman.

The immediate interference of the government is demanded.

At the Saratoga regatta yesterday, the Ward crew won the four oared race in 24 minutes 24 seconds. The Tyne crew were second, leading the Biglins and Taylor-Winships by half a length. The enthusiasm over the triumph of the Wards was tremendous, and as they came up to the shore opposite the grand stand, cheer after cheer rent the air. The Poughkeepsie crew was fifth and the McKee crew sixth.

The Coroner's investigation into the cause of the death of Mary Russell in New York, has resulted in a verdict against the abortionist, Mrs. Burns, who was committed to await the action of the Grand Jury. Throughout the proceedings at the inquest; the accused exhibited perfect indifference if not absolute levity.

Picnic.

Among the good things at the picnic of the Unitarian Sabbath schools of this city and Fall River, at Bristol Ferry was the following poem written for the occasion by Rev. Mr. Brooks of this city, and read as a welcome to the Fall River Society:

On the morn of a bright and beautiful day
In early September, there came from Quicquan
A troop of children merry and gay—
And what was the errand they came upon?
To meet by the waters of Montaup Bay
A group of children from Aquiday,
That was the motive by which they were drawn,
And not the loco-motive alone,
On that pleasant September Saturday
From their home by the falls of Quicquan,
From the quick running waters that gay group came.
And quick flew the chariots that drew them along;
And surely nobody was to blame,
If their step was dance and their speech was song.

'Huzza! O joy! O joy'! said they.
'We haste to the shores of Aquiday,
To rest on the shore of the peaceful isle
Where the waters reflect the Great Spirit's smile,
And our hearts shall sparkle and dance as they,
And the hours as peacefully ripple away
By the beautiful waters of Mount Hope Bay!

We own the Good Shepherd, we are his charge,
Our willing feet he gently leads
Along the running water's marge
And through the green and flowery meads;
And he gives us a garden to wander through
Under an awning of sunny blue,
Or under tent roofs of leafy green
From scorching noon-beams our brows to screen.

We are a part of his mighty flock,
Guided and folded by his hand,
Sheltered by many a nook and rock,
And quickened by fountains that gush from the sand;
The vast innumerable flock
Of happy creatures in sea and on land,
And in the pastures of the sky,
That under his all seeing eye,
By his unfailing bounty blest,
Live, love, rejoice and find their rest."

I heard or seemed to hear such song,
And thus the grateful strain prolong:
"O quick running waters with busy feet!
O thoughts and wishes, a beautiful fleet,
That all so joyfully down life's tide,
With white wings tinged by the sunshine glide!
Is heaven the haven to which ye ride?
O quick running waters of life, in the sun
Of God's love gleaming, peacefully run,
And land us happily some bright day
On an isle of peace in a Mount Hope Bay;
And he who indites this heart-felt lay
Was born in Naumkeag, City of peace,
A pilgrim on earth he takes his way
To the land where weary wanderings cease.
And there let us hope one day to meet,
In the sheltering arms of that blessed shore,
Where are greetings forever and partings no more!"

[N. B. Quicquan was the old Indian name of Fall River. It meant swift water. The Indian name of Rhode Island was spelt by the settlers either Aquidneck, Aquethnet or Aquiday. (Isle of Peace.)

At the close of the day's entertainment Mr. Brooks was again called into service and read the following poem which we give both for its intrinsic value, and to show its appropriateness for the occasion on which it was delivered:

Autumnal Excursion of Sabbath Schools.

The glory of Summer is passing away;
The splendors of Autumn will soon be unrolled—
Of clouds and of sunsets the gorgeous array,
The banners of crimson and purple and gold.

The pomp of the Summer is passing away,
Away from the earth but not yet from the skies;
The glory and glow of the long summer day
Still linger in Heaven, to gladden our eyes.

The glory of Summer is fading away!
In beauty it sinks, as in beauty it rose;
How sweet, how serene, and how tranquil the ray
That lights Nature's face to a autumnal repose!

The glory of summer is passing away,
From fountain and forest, from mountain and shore;
But the world of Jehovah endureth for aye.
And his goodness shall bless us when time is no more.

The glory of Summer is fading away,
But the voice of the Lord in the murmuring breeze
Still whispers to man, in the cool of the day,
As once in the garden it thrilled through the trees.

And earth is a garden—the garden of God—
Its path lined with flowers by the hand of His love;
And in heaven-fields bright Asters flame beauty abroad,—
The night-blooming flowers in the garden above.
And we are God's children—he cares for us all,—
Above us His tent roof in beauty He spreads;
He bids us today to His banqueting hall,
And Love is the banner that waves o'er our heads.

The glory of Summer is fading away—
In beauty it dawned, and in beauty departs;
But why should we yearn the swift hour to delay,
While summer, unwithering, abides in our hearts?

The summer of friendship, where hearts melt in one;
The summer immortal of faith, hope and love;
Where the fountains of kindliness leap in the sun,
To mingle their waves in the River above.

The company then quietly took their several ways homeward, some by steamboat, some by yacht, and some by the cars, and all decided that one more happy day had been enjoyed.

The Point Street Bridge; the dark cell in the vestibule of the Post Office; that receptacle of dead cats and dogs, known as "the Cove Basin," and the sweet condition of our highways for two or three months past, give our city a splendid reputation and present strong inducements to business men to settle among us. A few leather medals; a mass meeting; an all night session of the City Council; and a vote of thanks engraved in mud, are all that is required to show the appreciation of our Providence public. [Star.

In "swinging round the circle," Gen. Butler, a few nights since, reached Fitchburg. But his welcome wasn't a very cordial one. He could get no one of any prominence to introduce him to the audience, and so fell back on a person comparatively unknown. In the course of his speech he said he had never knowingly done a mean thing, whereupon the crowd broke into yells of derision which fairly shook the hall. The General probably does not expect much from Fitchburg after this experience. [Mail.

TELEGRAMS.

The Election in Maine.

THE EAST MAN SPOKEN.

THE PINE TREE STATE ALL RIGHT.

AUGUSTA, Me., Sept. 10.

The Republicans held an immense meeting this evening to rejoice over their victory in the State, and especially their remarkable triumph in this city. Granite Hall, the largest in the city, was packed, and the reception of Speaker Blaine was especially enthusiastic and demonstrative. When he took the stand to speak a few words of thanks and congratulation, the cheers were deafening and prolonged. The Republican majority in this city is nearly three times as great as it ever was before on an off year vote.

BANGOR, Sep., 11.

Only about a two thirds vote was thrown here today, the election being remarkably quiet; Gov. Perham had 1,460 against 1,119 for Kimball; Republican gain 937. The Republicans elect the Representatives and county officers by about the same majority as Governor. Democratic Representatives were chosen last year.

PORTLAND Sept, 11, midnight.

Returns from 128 towns give Perham 39,472, and Kimball 25,015, a Republican majority of 0,427. Last year the same town gave Perham 28,047, and Roberts 23,205, a Republican majority of 5,382, being a Republican net gain of 1,015. The towns to be heard from gave an aggregate vote of 41,055 last year, and a Republican majority of 3,820, which added to that heard from, makes Perham's majority 10,253; add the same ratio of gain, and his majority will reach 11,000.—The aggregate ratio this year will probably be 103,000 against 93,676 last year. The majority last year was 9,208.

The Legislature will show, probably, a slight Democratic gain. Last year the Senate stood, 28 Republican to 3 Democrats, and the House, 113 Republicans to 38 Democrats. The Democrats will probably carry the counties of Knox, Washington and Aroostook, lose Lincoln, which they carried last year, giving them four in the Senate. In the House the Republicans have gained nine representatives in three cities, Portland, Lewiston and Bangor, but have lost five in Cumberland county, one in Rockland, one in Belfast, and probably several others. In the ship building towns the Republicans have generally lost. So says the Morning Star.

MURDER IN KENTUCKY.

ELECTION IN KENTUCKY.

Etc.

LEXINGTON, Ky., Sept. 11.

A terrible murder was committed, last night, at the residence of John Harper, owner of the race horse Longfellow, near Medway, Ky. Jake and Betsey Harper, brother and sister of John, had their throats cut by some unknown person, as is supposed for the purpose of robbery. Some negroes living near Harper's residence knew nothing of the occurrence until this morning. No clue has been obtained to the perpetrators of the bloody deed.

Three negroes living on John Harper's place have been arrested as the murderers of Jake and Betsey Harper. Blood has been found on their shirts, and the evidence against them is very strong. Other negroes employed on the place are missing, and it is believed they are implicated in the affair. A party of citizens have started to hunt for the missing negroes.

CALIFORNIA.

SAN FRANCISCO, Sept. 11.

The Republicans elect all three of the Congressmen, but the success of McGlynn, Republican candidate for State Harbor Commissioner, is doubtful, many Germans having voted against him.

An excellent route has been found for the Atlantic and Pacific Railroad, from White Mountains in Arizona to Colorado river.

NEW YORK, Sept. 11.

The body of a handsome young woman found last week on the shore at Cold Springs, L. I., has been identified as that of Mrs. Rose Lovell, wife of Capt. John Lovell, of Roosevelt's steam yacht Fearless. It is supposed her husband murdered and threw her overboard, and officers are now pursuing him.

Still Onward and Upward.

The extraordinary increase that has taken place in the sale of Hostetter's Stomach Bitters during the past year, is another proof that an intelligent people, although they may try all things, hold fast only to that which is good. No amount of puffery can lift inferior articles to the position of standard remedies. To use the words of Tom Paine, they may go up like a rocket, but are sure to come down ignominiously like its extinguished stick. How little is of such nostrums have gone up and come down since the introduction of Hostetter's Stomach Bitters, nearly the fifth of a century ago. Yet it still remains the supreme tonic of the age. It has not, and never has had a rival in efficacy or popularity, and now stands at the head of all proprietary remedies manufactured on this side of the Atlantic. In every civilized community on this continent, or in South America it is the accepted remedy for dyspepsia, bilious complaints, constipation, general debility, nervous weakness, and many other unpleasant or dangerous maladies. A medicine so widely extended in its course of action and imitated by dealers without conscience or integrity.

Therefore, let every man and woman who desires to purchase the genuine Hostetter's Stomach Bitters, see to it that they have what they go for, and that the bottle is not an infamous imposition. Look carefully at label, stamp, and name blown in the glass and do not forget that the true bitters is sold in bottles only.

PROVIDENCE, R. I., Feb. 11, 1870.

I have used "Dr. Bullock's Nephreticum" for several months past for a disease of the Kidneys and Bladder of ten years standing. During all that long and gloomy period I suffered at times attacks of the most excruciating pains and tried all kinds of medicines and many eminent physicians, with little relief at times, yet with no permanent, lasting benefit. At last I was induced to try "Nephreticum," and after continuing its use for a considerable period of time, I began to be benefited, and now I feel satisfied that I have obtained permanent, and, I trust, lasting relief. I still take "Nephreticum" and give to my friends. For a year past I have had no severe attacks of disease. I feel it has given me a new lease of life, and I most cheerfully and confidently recommend "Nephreticum" as a reliable, safe and sure remedy for diseases of the Bladder and Kidneys,

Chemical Laboratory, Brown University, Providence, R. I., April 29, 1871.

J. F. Holmes, Esq.

Sir:—I have examined the Guardian Lightning Rod and Points, constructed of Galvanized Iron with gilt and tinted copper ornaments and gilded points as I consider it to be constructed on scientific principles, and to afford sufficient protection against damage by lightning.

Yours, respectfully,
JOHN H. APPLETON,
Professor of Chemistry.

I find, with three or four exceptions, old rods were removed which were found to be in the worst possible condition, defective at the joints and badly colored with rust.

Parties who desire to have their Rods examined by leaving their orders at the office of STUART'S STABLES, Pelham street, or with S. T. HUBBARD, Grocer, foot of Washington Square, will be promptly attended to free of charge by the undersigned, Agent of the Guardian Lightning Rod Co.

PROPOSED AMENDMENT TO THE CONSTITUTION OF THE STATE.

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS.

SECRETARY OF STATE'S OFFICE,
PROVIDENCE, September 11, 1871.

WHEREAS, the General Assembly at its late May Session passed an act to approve and publish, and submit to the electors certain propositions of amendment to the Constitution of this State, which are designated as follows:

ARTICLE V.

Every male citizen of the United States, of the age of twenty-one years, who has had his residence and home in this state two years, and in the town or city in which he may offer to vote six months, next preceding to time of voting, who shall give evidence of his ability to read this Constitution, and whose name shall be registered in the town where he resides, on or before the last day of December, in the year next preceding, and for at least seven days before he shall offer to vote, (except persons enumerated in Section 4 of said Article II of said Constitution,) shall have the right to vote on all questions in all legally organized town or ward meetings: *Provided*, That no person shall at any time be allowed to vote upon any proposition to impose a tax, or for the expenditure of money in any town or city, or upon the election of the City Council for the City of Providence, unless he shall have paid a tax within a year preceding upon his property, within the town or city where he shall offer to vote, valued at least at one hundred and thirty-four dollars.

ARTICLE VI.

No registry tax shall hereafter be assessed, nor shall the payment of such tax be required as a qualification of an elector.

ARTICLE VII.

No sectarian or denominational school or institution shall receive any aid or support from the revenues of this state, nor shall any tax be imposed upon the people or property of the State in aid of any such school or institution.

Said act further requires that the said propositions shall be inserted by the town and city clerks in the warrants or notices by them to be issued previous to said meetings of the electors, for the purpose of warning the town or ward meetings; and that said propositions shall be read by the town, ward and district clerks to the electors in the town, ward and district meetings to be held as aforesaid.

The ballots received at said meeting are required to be counted, sealed up and certified to by the moderator and town clerk, or the warden and ward clerk, or the moderator and district clerk, in open town, ward or district meetings, and delivered to the Secretary of State before the first day of November, 1871.

The ballots, with more specific instructions, will be forwarded to the town and city clerks.

All newspapers publishing the laws of the State are requested to publish this notice for four successive weeks from this date.

NEWPORT DAILY NEWS

Published ...

A farmer who went to Texas to buy a ra was greatly prejudiced against the country he thought to settle in from the fact that a doctor whom he had called in to attend him when he was seized with a fever, began trying his clothes on immediately after writing the prescription. The fact that while the doctor was trying on his coat, the chambermaid was examining his handkerchiefs, and the potter was struggling with his boots, lent wings to his imagination, and doubtless had an influence in regard to his speedy exit from the State.

WE invite those in want of Furniture of any kind, to call and examine our stock, and think it would be for their advantage, for the following reasons:

1st. We purchase our lumber from the mills at the West, where it is taken direct from the forest; and import our Upholstery goods from the manufacturers in Europe, thereby saving the profit of the Importer and the Jobber or Dealer.

2d. We manufacture on a large scale, and are enabled to get the best workmen because we can employ them the year round; and in manufacturing articles by the hundred we can do so much cheaper than those who manufacture only by the dozen.

3d. We have double the quantity and variety of goods, and nearly double the room to display them of any Furniture house in Boston, thereby offering purchasers a better chance to suit their taste.

4th. Our rent is cheaper than that of any other Furniture house in Boston, considering the amount of goods sold, and as our sales are large we can afford to sell on a small profit, and are willing to do so.
